Photographs and Video

Consent Form

Our policy for school photographs/videos

Photographs and videos are used in our school for many different reasons, but they will only be collected and stored with a documented lawful basis.

Photographs and videos will be used where they are deemed essential for performing the public task of a school/education establishment, as outlined in the school's data protection policy. When required for other purposes, these will be documented and explicit consent will be sought from parents/pupils as outlined below.

The retention period for photographs and videos will be documented in the retention policy. At the end of the retention period photographs will either be destroyed, or they may be retained for archiving purposes in the public interest.

Where photographs are used as part of a display we will not accompany the photograph with any other identifiable information such as names.

Photographs and video will only be taken using school equipment and must represent the school and children positively – inappropriate, negative, embarrassing or distressful photos will not be used.

Consent will be sought from parents/carers of pupils (data subjects)

Where parental consent has been obtained, we will use this as the lawful basis for processing photographic personal data until the pupil is able to either confirm or withdraw consent.

Public events and external media

Please also note that when your child is in a public venue (such as a county sports event) local media may take photos. You are able to object to this processing and we will give you prior knowledge if and when we know third-parties will be present at external events.

Where local media come into the school to take photographs, we will ask for consent for that specific purpose beforehand.

We collect and use photographs for the following purposes.
